TRUSTED LEGAL EXPERTISE

International Law

HFM's attorneys have considerable experience across many facets of international law and have worked on various types of international transactions including contract negotiations, project financing, trade agreements and intellectual property protection.

Because of our proximity to the U.S./Mexico border we have unique expertise in international litigation involving companies on both sides of the border and elsewhere. HFM's International Law Practice group attorneys are bilingual and work with a network of internationally associated law firms, enabling the firm to provide local legal expertise wherever a need may arise.
