TRUSTED LEGAL EXPERTISE

Appeals & Writs

HFM has a civil writs and appeals practice in all California State and Federal courts of appeal.

Our practice involves strategic consultation with civil appeals attorneys as early as possible in all phases of litigation, and assistance with interlocutory petitions for writs of mandate, significant trial briefs, and post-trial motions. Most importantly, each civil appeals attorney on our team provides full and careful service with respect to all phases of civil appeals, including preparation of proper Notices of Appeal, research, participation in appellate settlement conferences and mediations, brief writing, and oral argument.
